

Emergency Medical Responder

Course provides the knowledge and skills that are necessary in an emergency to help sustain life, reduce pain, and minimize the consequences of injury or sudden illness for those functioning as a member of the health care team in a pre-hospital setting.

Course is for those providing a professional level of emergency response including firefighters, law-enforcement officers, and emergency medical services personnel. Includes CPR level HCP and AED. Meets the Paramedic Association of Canada National Occupational Competency Profiles for the practitioner level of emergency medical responder (EMR).

Duration	Minimum 80-120 hours (depending on jurisdiction); 40-60-hour upgrade course for current Red Cross First Responders or equivalent
Instructor	Red Cross Advanced Emergency Care Instructor or Emergency Care Instructor Trainer
Prerequisites	Standard First Aid with CPR Level C
Completion	100% attendance, skills demonstration, 2 evaluated scenarios, and 80% min. passing grade on written exam
Certification	3-year certification in Emergency Medical Responder, CPR Level HCP, and AED
Recertification	40 hours; includes CPR Level HCP
